This is Luzmila. She has a lot of goals. She knows she will do a lot of fantastic things in life.

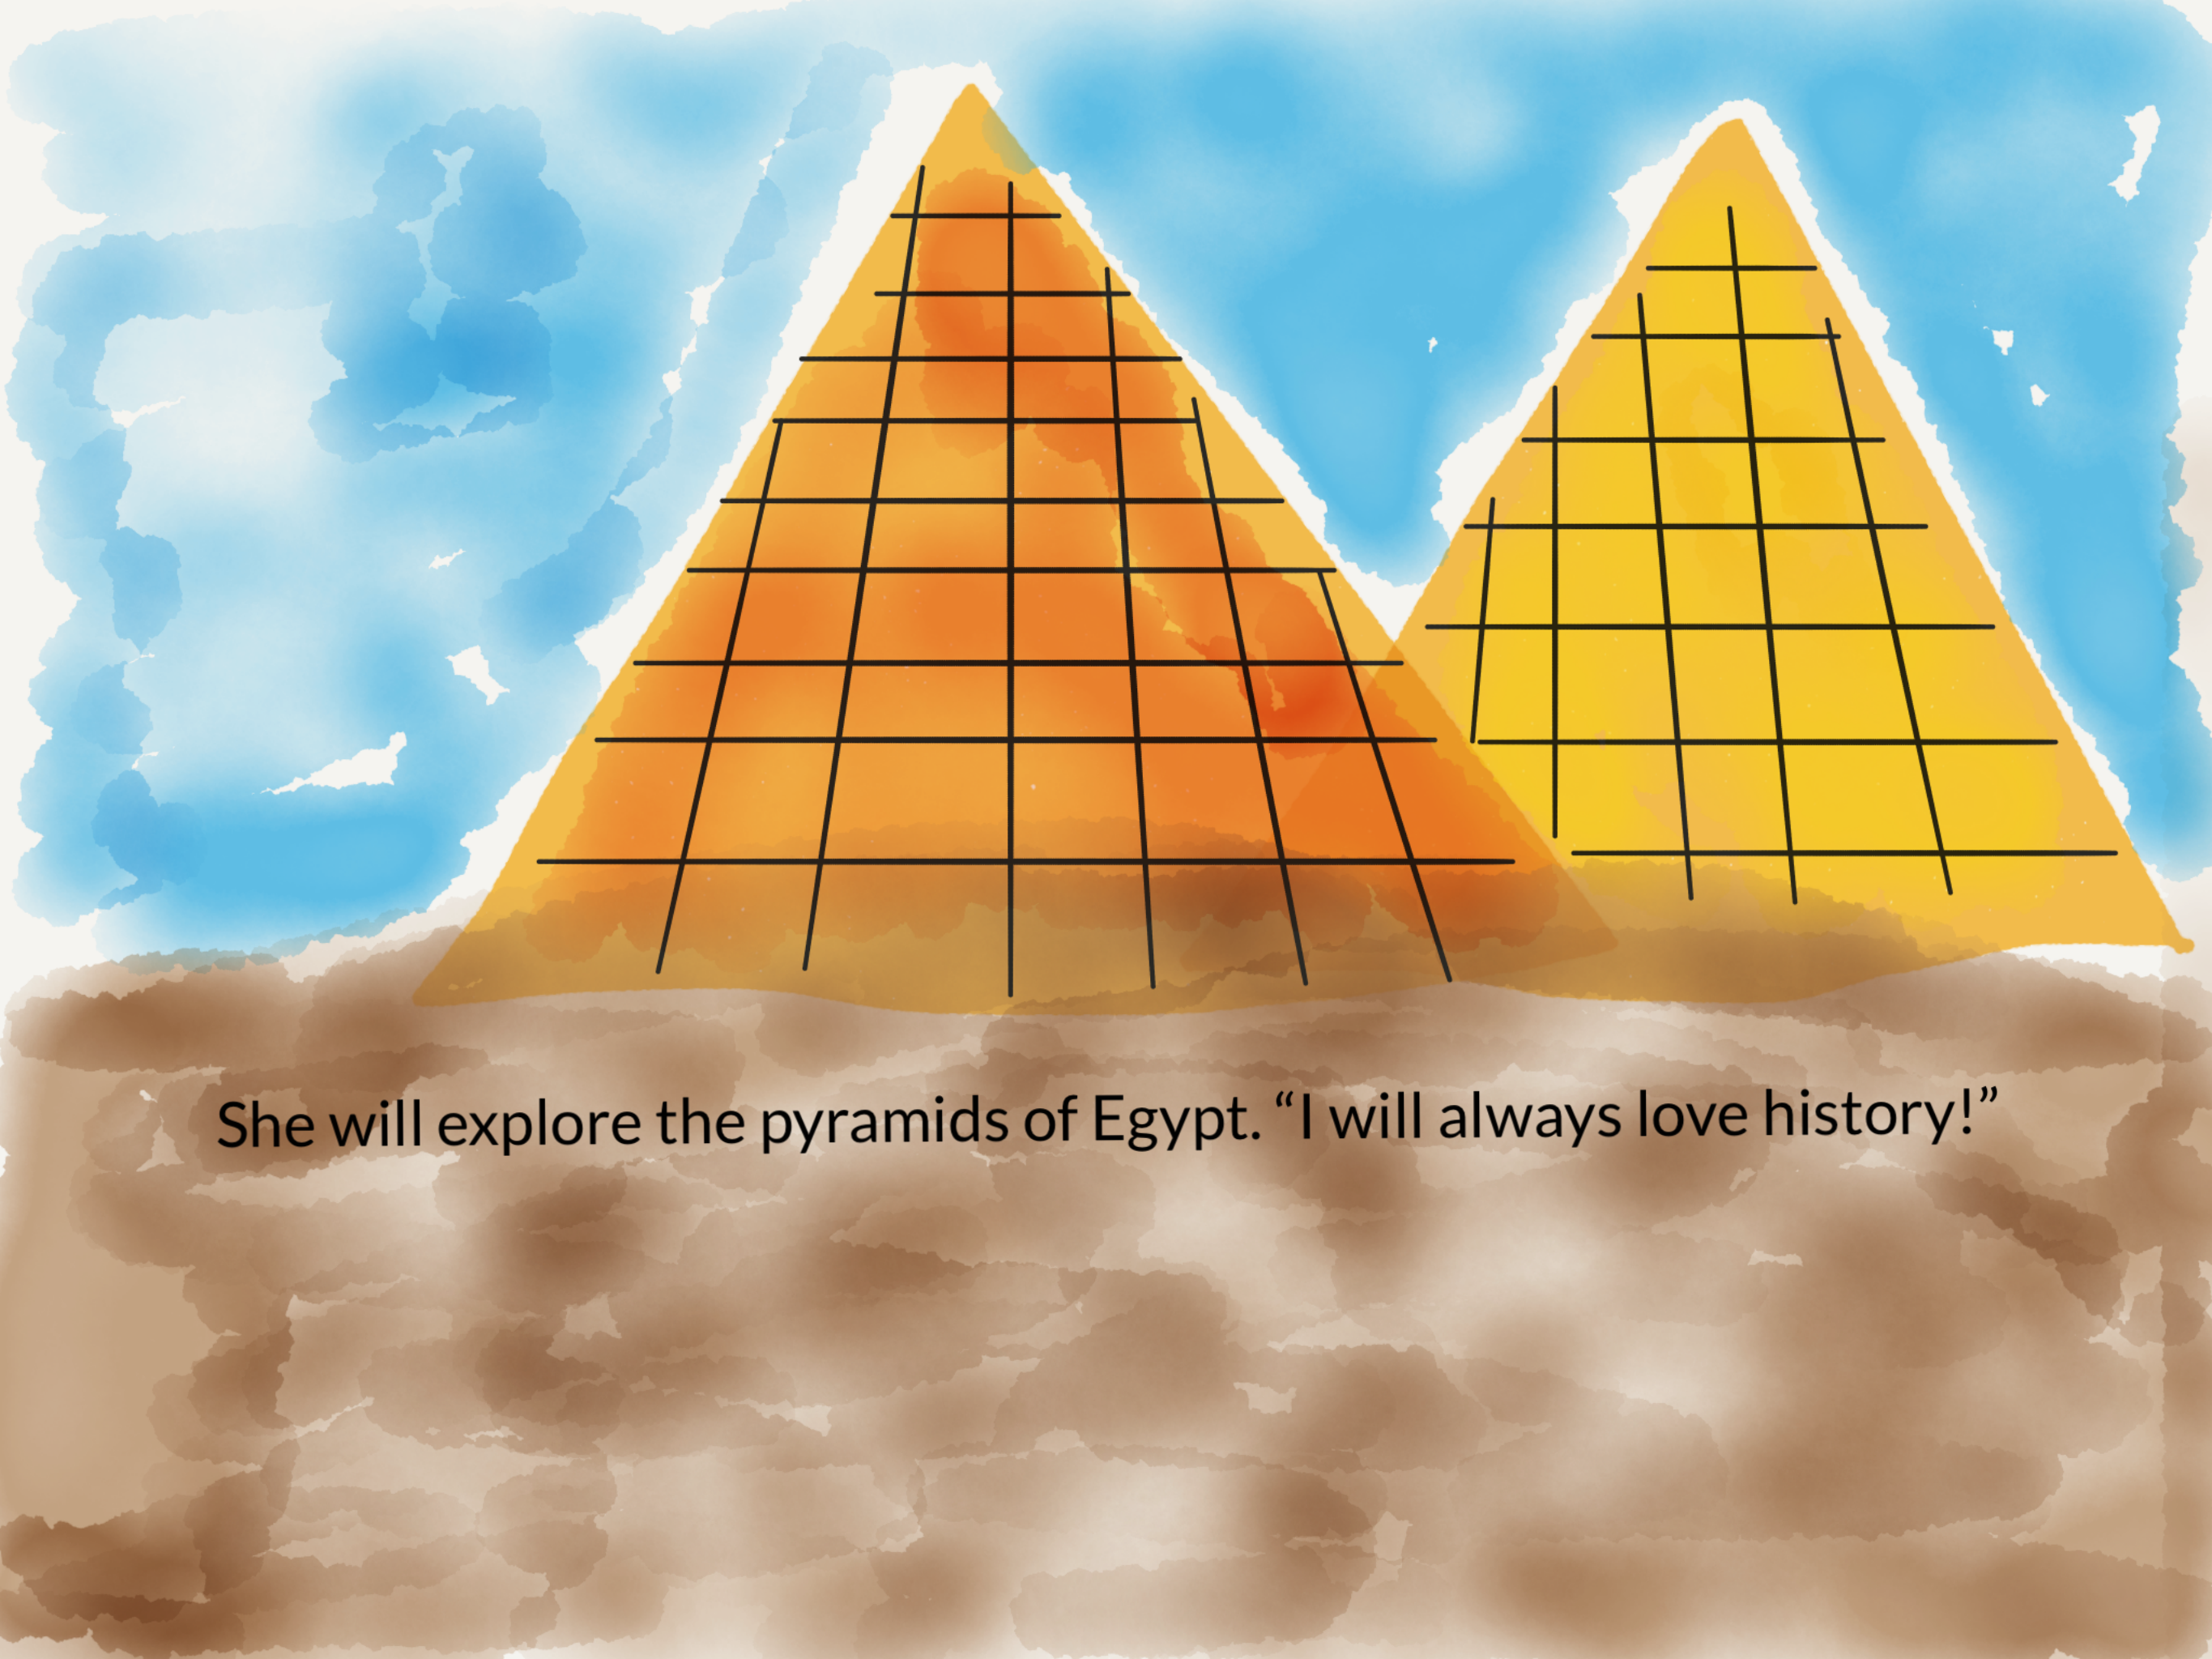

Her mother always tells her, "You will be very important one day. You will change the world sweetie!"

Luzmila will fly a plane one day. "I will visit the whole world!"

She will explore the pyramids of Egypt. "I will always love history!"

Luzmila will travel to outer space and discover new life forms.

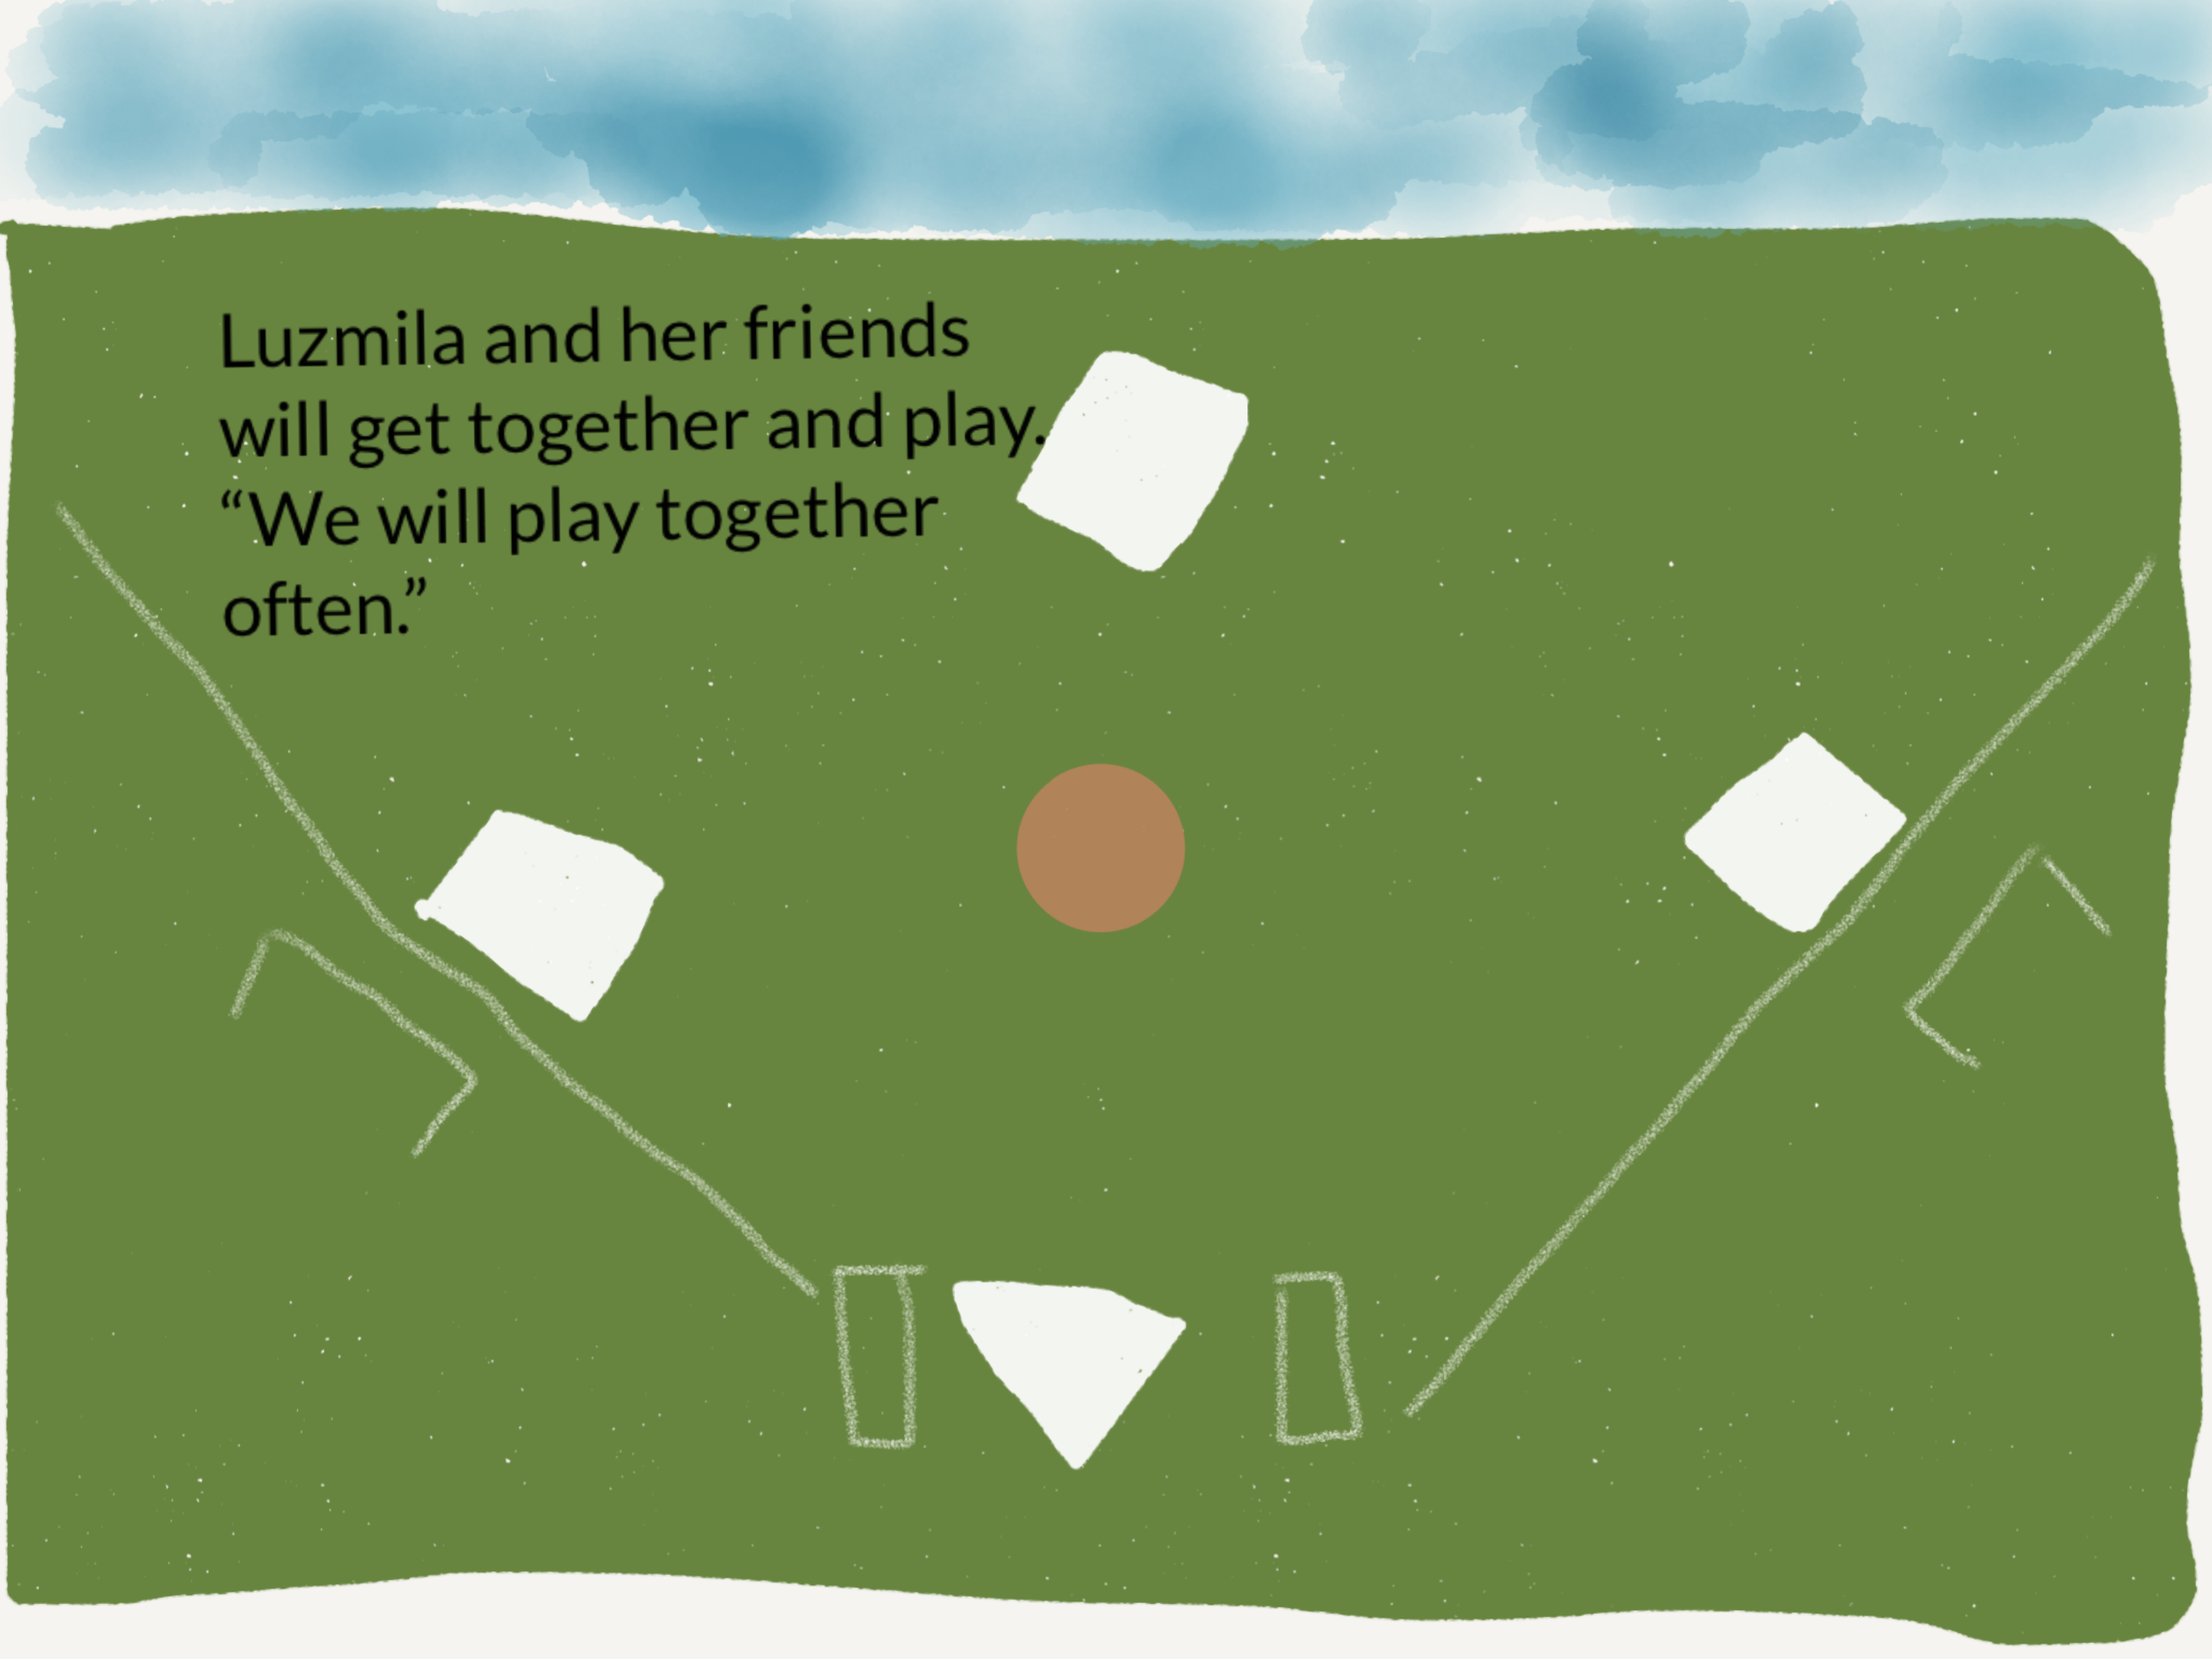

Luzmila will plant a flag on the moon. She will be heroic! “I will be on top of the universe one day!” thinks Luzmila.

Luzmila and her friends  
will get together and play.  
“We will play together  
often.”

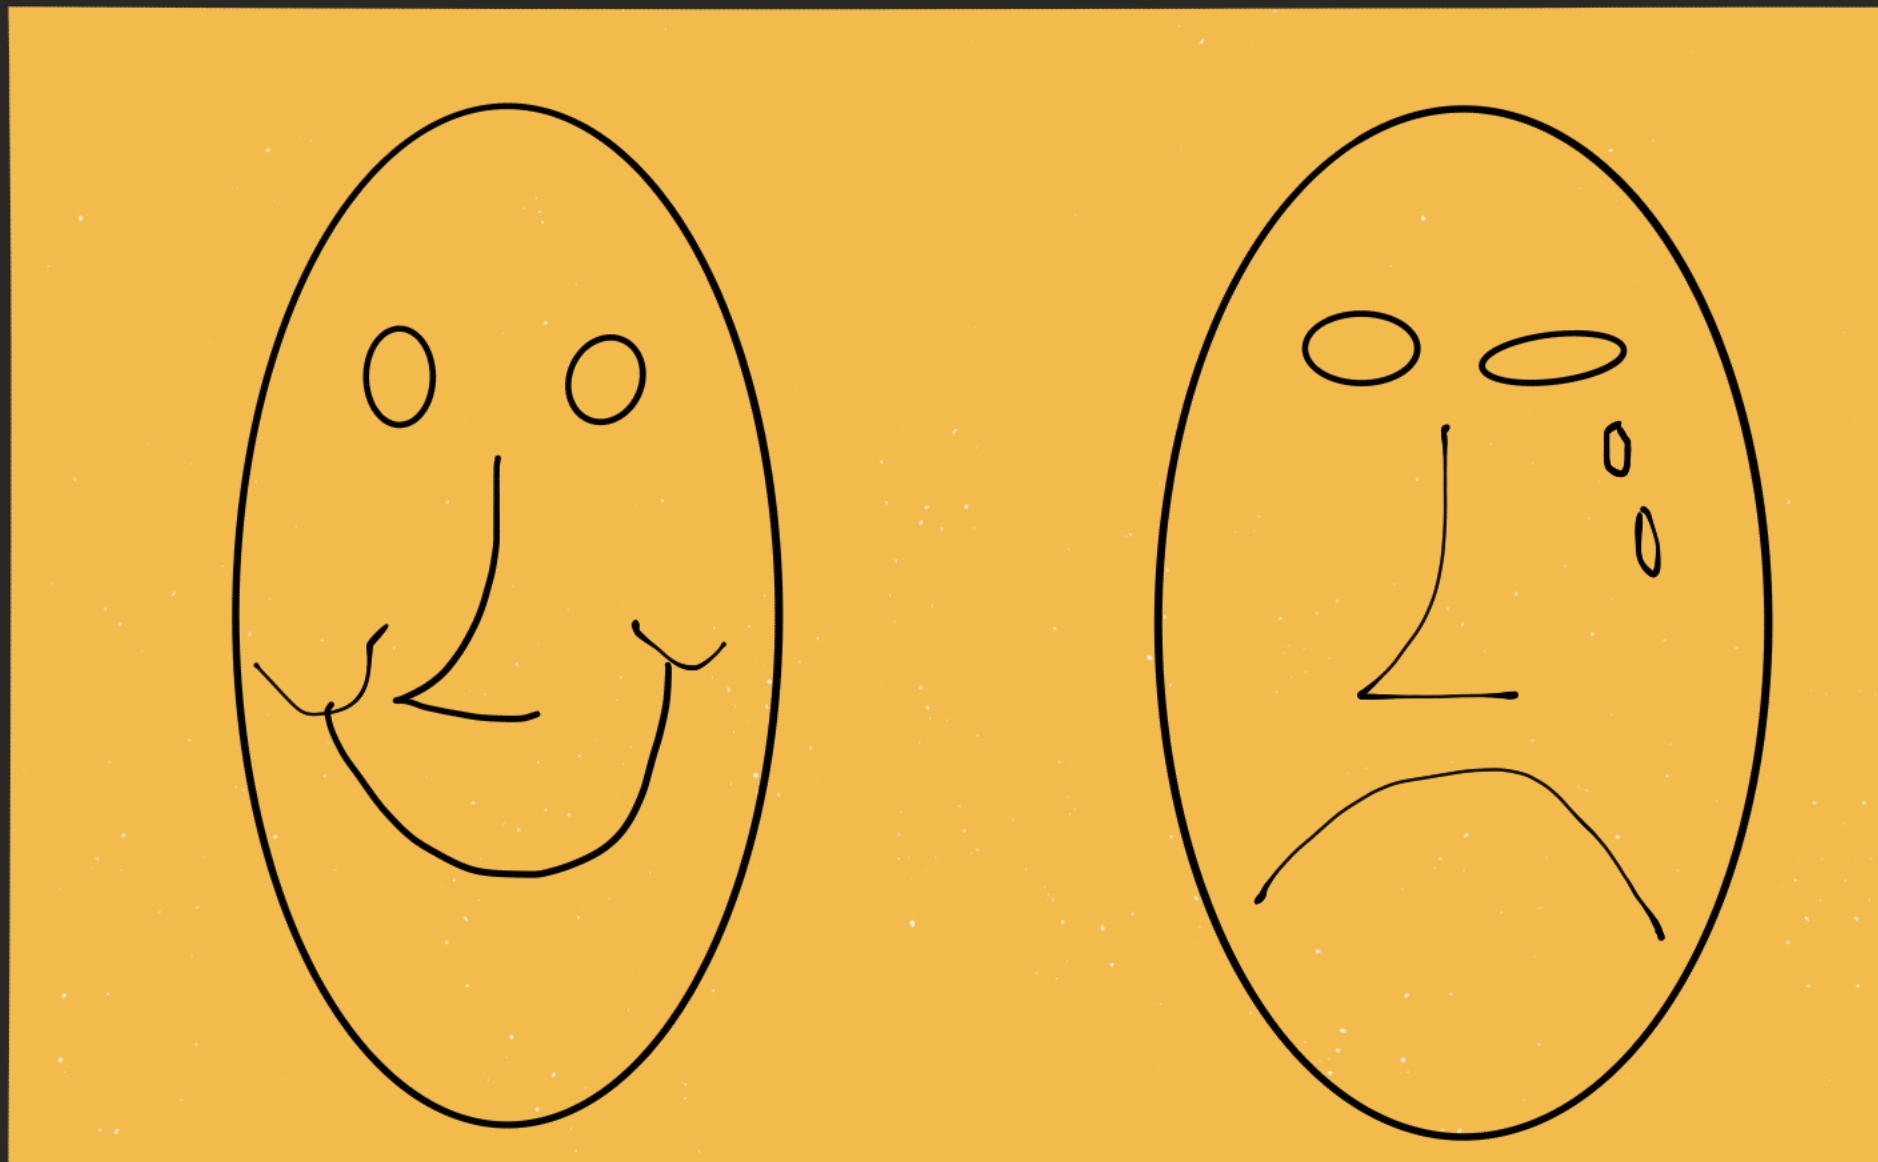

Also, Luzmila and her friends will explore the seas. “We will study the orcas and help them survive.” she says.

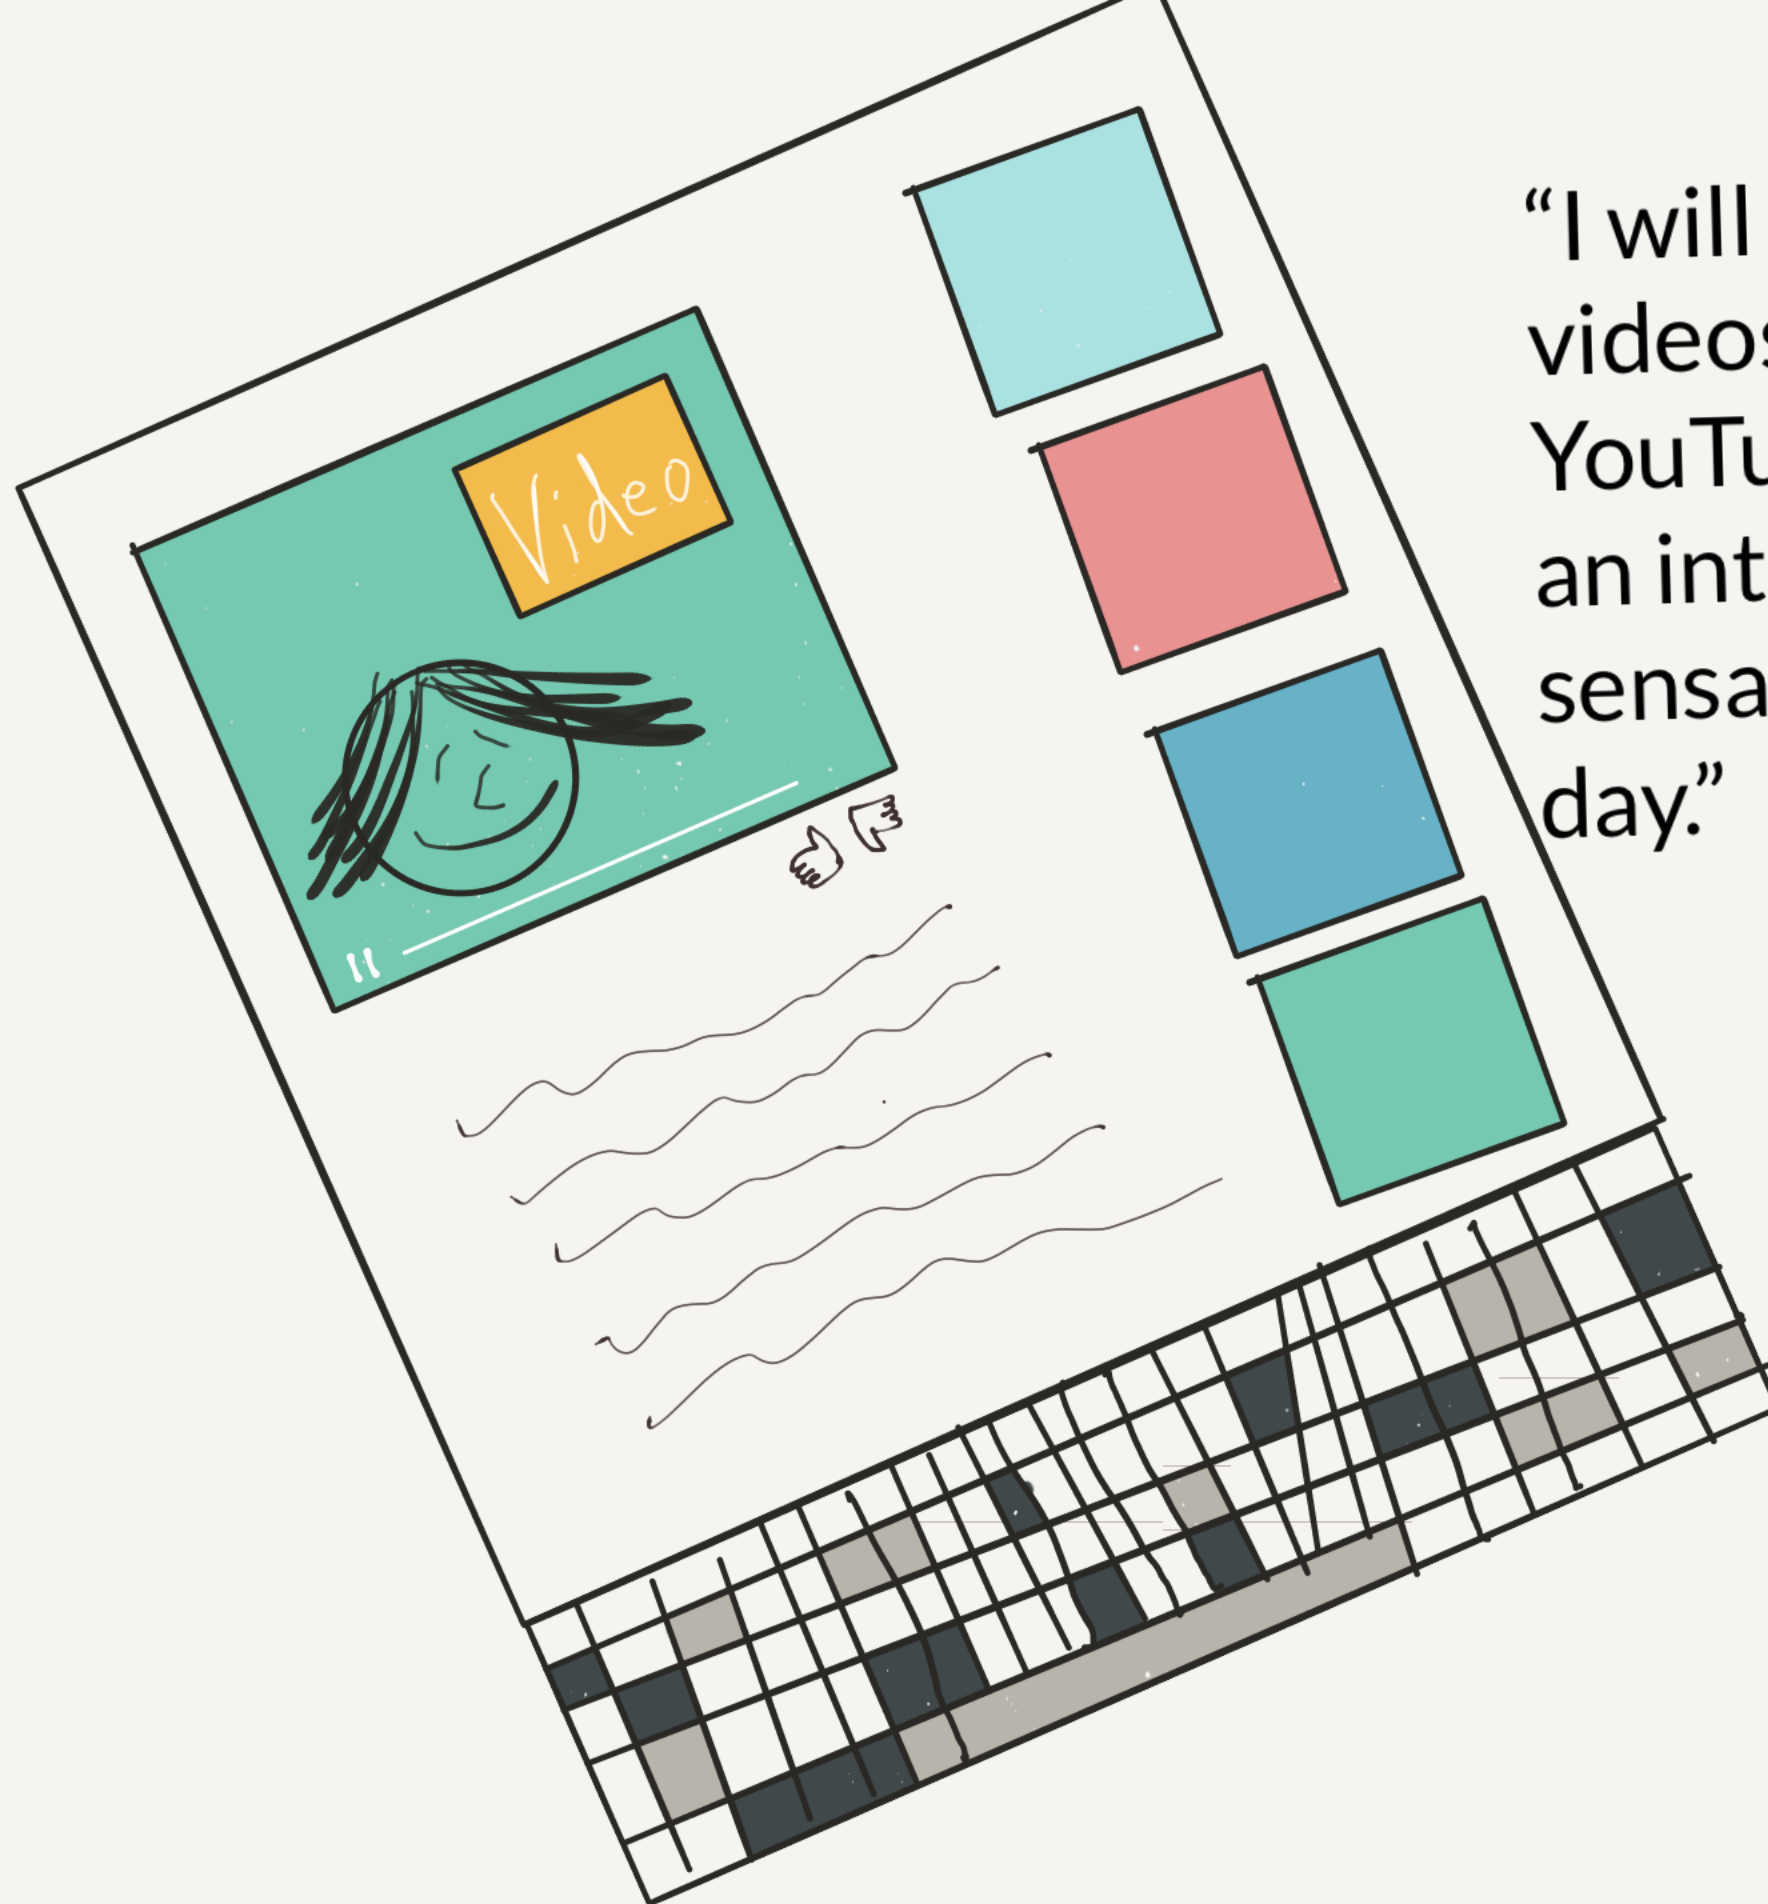

Luzmila will be an actress and be on everyone's television around the world.

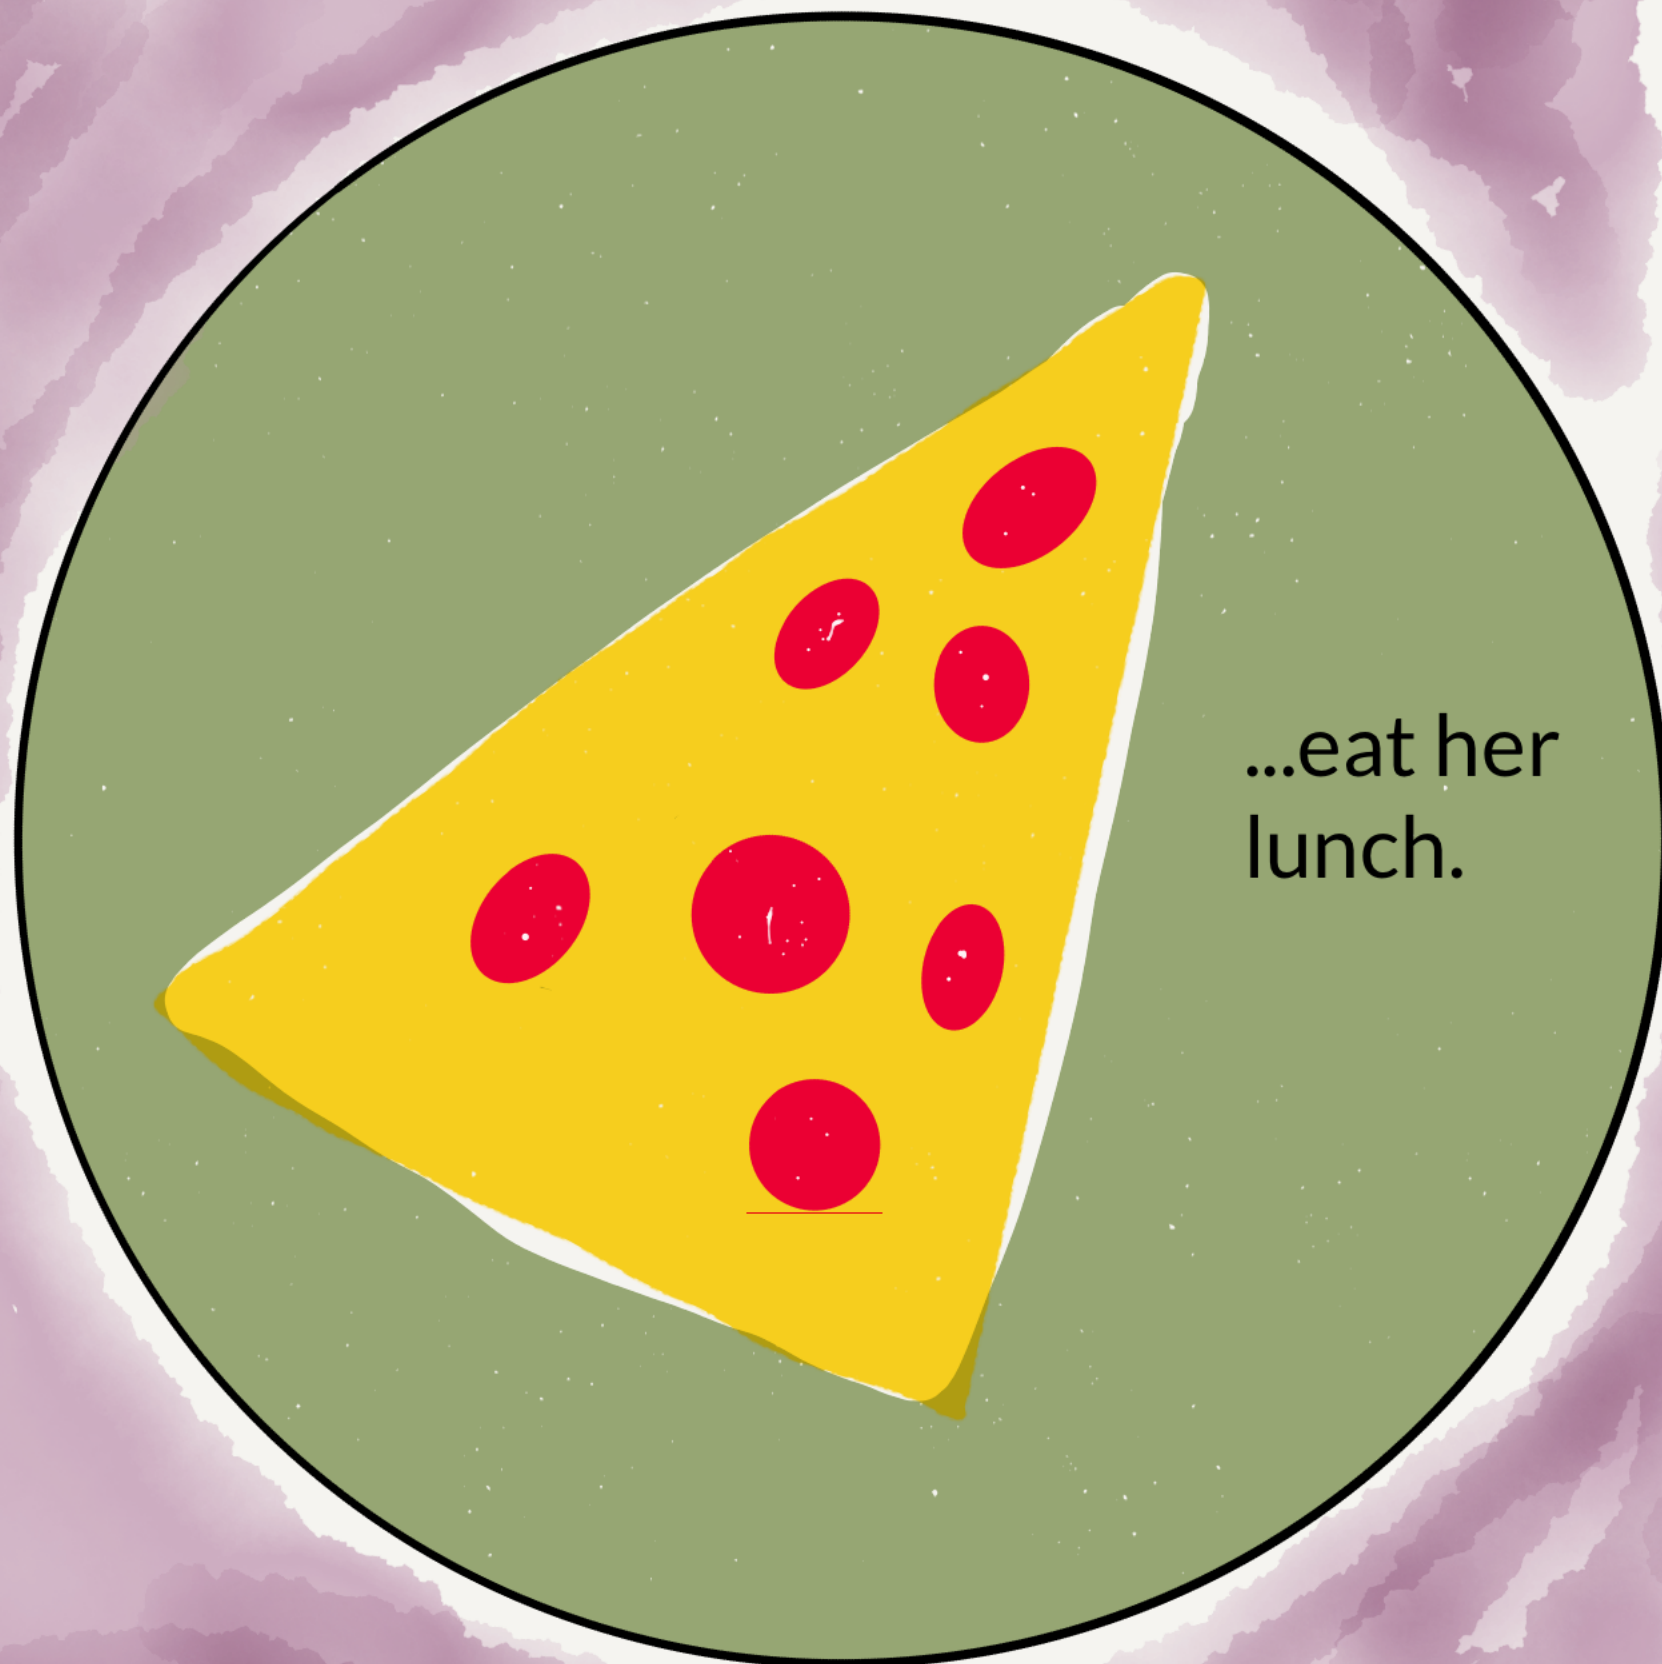

“I will also make videos for YouTube. I will be an internet sensation one day.”

But, before she can  
accomplish so many  
things, she will have  
to finish elementary  
school and...

...eat her  
lunch.
